LOCAL 73

SEIU LOCAL 73 OFFICER ELECTION

Starting October 2nd, the Local 73 election committee will mail every eligible member a voting ballot.

Please be sure to read the instructions carefully and *vote for Members Leading Members Slate!*

You have two weeks to mail in your ballot, or your vote will not be counted!

Remzi Jaos, the leader of Members Leading Members and candidate for President of Local 73, has fought for members for over **27 years**.

As the Higher-Ed Division Director, he has negotiated **19 master contracts** with wage increases ranging from **3% to 30% per year**.

For the **past 10 years**, Remzi grew the Higher-Ed Division at Local 73 from **2,600 members** to **over 4,000 members** by negotiating residual titles into existing contracts, resulting in thousands of members gaining higher wages and collective bargaining rights.

His mission is to hire the best representatives possible and give all the members of Local 73 the same opportunity: stronger contracts, higher wages, and solid representation.

Be sure to go to membersleadingmembers.com for our four-point-plan to build our union!

- Remzi Jaos conducted the first strike in Local 73 in over 30 years with UIC professionals, resulting in higher wages for over 800 members.
- Remzi also negotiated contracts for city colleges, University of Chicago, Northwestern University, Argonne National Laboratories, Governor State University, as well as first contracts for Loyola and the University of Chicago faculty.

SEIU LOCAL 73

Vote for Members Leading Members in October!

The last contested election at Local 73 was over *thirty years ago*.

The International wanted to keep out -of-state trustees in power and tried to keep us off the ballot for a no-contest election, but we fought and won the right for you to choose your leaders in a contested, democratic election!

Elect the leaders who will fight for you, not the international!

Vote for Members Leading Members!

Be sure to go to membersleadingmembers.com for our four-point-plan to build our union!
